

GIRLS CAN! CRATE PRINTABLE VALENTINES

This Valentine's, give cards that are both fun and inspiring with our printable cards featuring 16 fearless female world changers. You can print these cards at home or your local print shop, but either way **we recommend printing full-color, double-sided, and on white card stock** (printing double-sided will include the message template on the back, but if you're unable to do a double-sided print, simply print pages 2 and 4 and use the blank back side to write your greetings).

Want some ideas on what to pair with your cards? If you're looking for candy, consider Smarties. This iconic company is now run by the 3 granddaughters of the original founder (plus, all the women featured on our cards are real smarties themselves). If you're looking for something more personal, consider taking some inspiration from Julia Child and whipping up some cookies (bonus points if they're chocolate chip since this famous treat was invented by Ruth Wakefield). If you want to include something that isn't edible, we love pencils so that future Nellie Bly's can jot down all their brilliant ideas or art supplies so that the next Frida Kahlo can practice their designs. You can also make your own creative gifts like friendship or paracord bracelets (mountaineer Junko Tabei would approve of this special jewelry) or whip up some homemade bath bombs that Madam CJ Walker herself would love! Get creative, friends. You can do it!

Representation matters all year long. At GIRLS CAN! CRATE, our mission is to inspire future world changers by introducing them to diverse female role models who help them see what they can be. **Learn more at girlscancrate.com or follow @girlscancrate on Facebook or Instagram.**
